

Dear Jack,

I see that you lost your very first tooth! How exciting! You are growing up so fast! I pick up thousands of teeth each night and yours was so white and shiny--just how I like them! Thank you!

I collect teeth in my special blue bag. Then I bring them back to my tooth castle to sort them out. I collect the shiniest and whitest ones I can find!

Pretty soon, a new tooth will be growing in that spot where you lost this tooth. This is a sign that you are growing up! Be sure to keep taking care of your teeth by brushing every morning and every night and by eating lots of fruits and vegetables!

Thanks again for your tooth! It is a very special one! Keep taking good care of your teeth, and I will be sure to stop by next time you lose a tooth! I'm leaving you a very special golden dollar, plus a little something extra since this was your very first tooth! Enjoy!

Love,
The Tooth Fairy
